

NORIDIAN COMMERCIAL MARKET RATE CARD

Noridian Healthcare Solutions, LLC (Noridian) has more than 50 years providing professional administrative services in the health care market space, primarily in the public sector. For example, Noridian is the Medicare Administrative Contractor (MAC) to the Centers for Medicare & Medicaid Services (CMS) for Medicare Parts A/B in 13 states and three U.S. territories, serving more than 10.7 million beneficiaries. Noridian is also the Durable Medical Equipment MAC for two jurisdictions, serving more than 24.5 million beneficiaries throughout 28 states, the District of Columbia, and three territories. In addition, Noridian also serves as the Supplemental Medical Review Contractor (SMRC) for CMS – which is the nation’s single largest medical review contract. We process more than 264 million Medicare claims annually, paying out more than \$61.5 billion. Noridian also provides a variety of professional services to state Medicaid programs, including integrated consulting services, integrated business program support services, outsourcing recurring commercial activities for financial management services, and program management services.

Noridian has leveraged this extensive experience and knowledge of the health care market space to develop the following standard set of labor categories and rates for the delivery of a broad range of professional services to health care customers in the commercial market. The table below describes the hourly rates associated with each function. These services are available on an hourly (time-and-material) basis at the rates below, or on a fixed price basis using these rates and the agreed upon level of effort. Rates are shown in USD\$ for work performed at a Noridian facility and are subject to periodic changes. The exact scope of services, total price and other terms are to be set forth in an agreed upon Statement of Work (SOW) or other agreement, based on the specific needs and goals of our customer. Rates are effective until 12/31/2021. Standard annual escalation is 3%.
